# UNIFORM CONTROL

Smart companies understand that their business image can say a great deal...without saying anything at all. Many people fail to realize that uniforms actually give your customers more assurance in buying from you. Want an example? Which inspires more trust in you: someone holding a parcel at your front door while wearing jeans and a t-shirt, or someone holding that same parcel while clothed in a brown and gold uniform? The power of the uniform is undeniable. Uniforms are one of the best ways for you to demonstrate your professionalism and trustworthiness to your customers.

Every week, Eagle replaces your employees' dirty uniforms with clean uniforms, mending or repairing damaged uniforms as a part of the service package.
